Enjoy your device longer

Ideal for all kinds of devices, these standard-capacity AAA batteries do not need draining before recharging—simply top them up whenever it is convenient for you. What's more, you can recharge them up to a thousand times.

Top Performance

- NiMH technology for recharging multiple times
- The battery for toys and other general devices
- Enjoy the full capacity over and over again
- Saves money because it can be recharged 1000 times

Highlights

Nickel-Metal Hydride

Nickel-Metal Hydride technology allows recharging multiple times and makes replacement of the batteries almost unnecessary.

No capacity loss over time

A Nickel-Metal Hydride battery can be re-energised fully up to 1000 times without draining it before charging. This allows you to make easier and better use of your rechargeable batteries.
