

Philips
DVD micro music system

MCD2010

Relax to great music and movies

Obsessed with sound

Bring out the best in DVDs, DivX movies and MP3-CDs with this Philips DVD Micro system. USB Direct and MP3 Link let you connect portable music players, while Bass Reflex speakers deliver incredible bass with great depth and sheer power.

Enrich your sound experience

- Bass Reflex Speaker System delivers a powerful, deeper bass
- Dolby Digital for ultimate movie experience
- Digital Sound Control for optimised music style settings
- Dynamic Bass Boost for deep and dramatic sound
- 20 W RMS total output power

Enjoy your music and movies from multiple sources

- Play DVD, DivX® Ultra, MP3/WMA-CD, CD and CD-RW
- USB Direct for music and photo playback
- MP3 Link for portable music playback

Easy to use

- Motorised CD loader for convenient access
- Digital tuning with preset stations for extra convenience
- Radio Data System for station information and data services

PHILIPS

Highlights

Bass Reflex Speaker System

Bass Reflex Speaker System delivers a deep bass experience from a compact loudspeaker box system. It differs from a conventional loudspeaker box system in the addition of a bass pipe that is acoustically aligned to the woofer to optimise the low frequency roll-off of the system. The result is deeper controlled bass and lower distortion. The system works by causing the air mass in the bass pipe to vibrate like a conventional woofer. Combined with the response of the woofer, the system extends the overall low frequency sounds to create a completely new dimension of deep bass.

Dolby Digital

Dolby Digital lets you experience superb quality surround sound audio with realistic spatial cues. You will get the same great Dolby Digital audio quality no matter what you are watching—a DVD or Blu-ray disc, TV or downloaded content. Best of all, you can be confident that you will hear the audio exactly as it was intended, because Dolby Digital is also used to create the soundtracks for movies and games. Dolby Digital delivers premium surround sound experiences in the cinema and your home.

Digital Sound Control

Digital Sound Control offers you a choice of pre-set Jazz, Rock, Pop and Classical controls you can use to optimise the frequency ranges for different musical styles. Each mode uses graphic equalizing technology to automatically adjust the sound balance and enhance the most important sound frequencies in your chosen music style. Ultimately, Digital Sound Control makes it easy for you get the most out of your music by precisely adjusting the sound balance to match the type of music you are playing.

Dynamic Bass Boost

Dynamic Bass Boost maximises your music enjoyment by emphasising the bass content of the music throughout the range of volume settings - from low to high – at the touch of a button! Bottom-end bass frequencies usually get lost when the volume is set at a low level.

To counteract this, Dynamic Bass Boost can be switched on to boost bass levels, so you can enjoy consistent sound even when you turn down the volume.

USB Direct

Simply plug your USB device into the system and share your stored digital music and photos with your family and friends.

MP3 Link

The MP3 link connectivity allows direct playback of MP3 content from portable media players. Besides the benefit of enjoying your favourite music in the superior sound quality delivered by the audio system, the MP3 link is also extremely convenient as all you have to do is to plug your portable MP3 player into the audio system.

Specifications

Sound

- Output power: 2 x 10 W RMS
- Sound enhancement: digital sound control, Dynamic Bass Boost
- Sound System: Dolby Digital

Loudspeakers

- Speaker drivers: 4" woofer
- Speaker types: bass reflex speaker system

Audio playback

- Disc playback modes: fast forward/reverse, next/previous track search, repeat/shuffle/programme
- Playback media: CD, CD-R/RW, MP3-CD, WMA-CD, USB flash drive
- USB Direct playback modes: fast reverse/fast forward, play/pause, previous/next, repeat, shuffle, stop
- Others: ID3-tag support

Video Playback

- Disc Playback Modes: A-B Repeat, Angle, Slow Motion, Zoom, Parental control, Disc Menu, Fast Reverse, Fast Forward, OSD, Resume Playback from Stop, Pause, Repeat, Search forward/reverse, Skip, Standard Play
- Playback Media: Video CD/SVCD, DVD, DVD-Video, DVD+R/+RW, DVD-R/-RW, DivX Ultra, USB flash drive
- DVD Region Code: 2

Digital Photo Playback

- Picture Compression Format: JPEG
- Picture Enhancement: Slideshow with MP3 playback, Rotate, Zoom
- Playback Media: CD-R/RW, DVD+R/+RW, DVD-R/-RW, USB flash drive

Tuner/Reception/Transmission

- Tuner bands: FM mono, FM stereo
- Station presets: 20
- RDS: programme type, radio text, RDS clock set, station name

- Antenna: FM antenna (75 ohm)
- Tuner enhancement: auto digital tuning, auto scan, Easy set (plug and play)

Connectivity

- Headphones: 3.5 mm
- MP3 Link: 3.5 mm stereo line in
- Rear Connections: Component Video output, Composite video (CVBS) output, Digital coaxial out, AUX in, Line out, FM Antenna, Left and right speakers
- USB: USB host

Convenience

- Alarms: CD Alarm, Radio Alarm, USB alarm
- Clock: On main display, sleep timer
- Display type: LCD display
- Loader type: tray
- On-Screen Display languages: Danish, Dutch, English, Finnish, French, German, Italian, Norwegian, Polish, Portuguese, Spanish, Swedish, Turkish, Greek, Hungarian, Romanian, Russian, Slovak

Accessories

- Included accessories: Composite video cable (Y), AC Power Cord, FM antenna, Quick Use Guide
- Remote control: 34-key remote
- User Manual: 16 languages

Dimensions

- Main unit width: 200 mm
- Main unit height: 118 mm
- Main unit depth: 210 mm
- Main speaker dimensions (W x D): 140 x 144 mm
- Main speaker height: 224 mm
- Packaging width: 576 mm
- Packaging height: 274 mm
- Packaging depth: 190 mm
- Gross weight: 3.8 kg
- Net weight: 3.24 kg

Power

- Power supply: 220-240 V, 50 Hz

Issue date 2013-05-10

Version: 2.2.12
