- Plays Blu-ray Discs, DVD, VCD, CD and USB devices
- Access your favorite YouTube videos & Picasa photos easily

PHILIPS

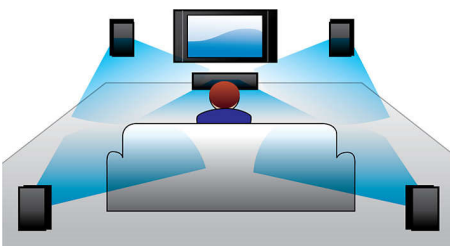

Highlights

Virtual Surround Sound

Philips Virtual Surround Sound produces rich and immersive surround sound from less than five-speaker system. Highly advanced spatial algorithms faithfully replicate the sonic characteristics that occur in an ideal 5.1-channel environment. Any high quality stereo source is transformed into true-to-life, multi-channel surround sound. No need to purchase extra speakers, wires or speaker stands to appreciate room-filling sound.

Dolby TrueHD and DTS-HD

Dolby TrueHD and DTS-HD Master Audio Essential deliver the finest sound from your Blu-ray Discs. Audio reproduced is virtually indistinguishable from the studio master, so you hear what the creators intended for you to hear. Dolby TrueHD and DTS-HD Master Audio Essential complete your high definition entertainment experience.

Play it all

Play virtually any disc and any media format you want - whether they be Blu-ray Discs, DVDs,

VCDs, CDs or USB devices. Experience the unbeatable convenience of great playability, and the luxury of sharing media files on your TV or home theater system.

Curved SoundBar design

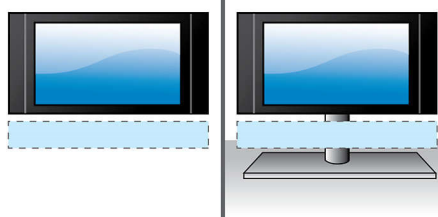

Curved SoundBar design for a wider sound dispersion

Optimized sound quality

Special dust-resistant mesh material protects the speakers from any dirt that may affect sound dispersion.

Flexible placement

Enjoy the versatility of this home theater system that allows you to place it where you will. Whether on a TV stand, on a table or mounted on a wall, the product looks sensational and functions without compromise. For once, you get to control how your home looks without giving up an incredible home theater experience.

400W RMS power

400W RMS power delivers great sound for movies and music

Access YouTube and Picasa

Get YouTube videos and Picasa photos on your TV now. Enjoy the huge collection of online videos on a larger screen, without even having to turn on your computer. Simply ensure that your Blu-ray player or Home cinema system is connected to the Internet, either wirelessly over Wi-Fi or with a cable to the LAN connector - then sit back and enjoy the best of YouTube & Picasa.
