Highlights

50 mm neodymium drivers.

Thundering explosions. Atmospheric scores. These over-ear gaming headphones boast 50 mm drivers tuned for immersive audio performance. You can switch between sound presets for gaming or listening to music.

Unidirectional microphone.

The unidirectional microphone picks up your voice clearly. The in-line remote includes a mute button for the microphone, so your teammates only need to hear you when you want them to.

Lightweight and durable.

Let nothing get in the way of gaming glory. Light, breathable ear-cup cushions keep you comfortable during the longest sessions. The durable cable keeps you connected to your console or computer no matter how intense the action gets.

Virtual 7.1 surround sound.

Hear your enemies before you see them. Find your friends quicker on a crowded battlefield. Whatever you love to play, virtual 7.1 surround sound makes the world more immersive.

Backlit LED ear cups

Light up your gaming. The colorful RGB lighting effect is controlled via the in-line remote, and it has different color modes (Chroma Lighting)

Breathable ear-cup cushions.

Breathable ear-cup cushions. For long gaming sessions

Immersive sound.

Immersive sound. Impactful bass

In-line remote.

In-line remote. Mute the mic, control the lights, and more

Switchable EQ

Switchable EQ for games and music

Tough cable. Stay connected

Tough cable. Stay connected when the action gets intense
