# Highlights

## Powerful speaker drivers

Powerful speaker drivers produce ultra-realistic sound, totally immersing you in the game.

## Bass Pipe

Thanks to an acoustically-tuned air channel that turbo-charges the bass notes, you can enjoy fantastic realism and a truly involved listening experience.

## Wide stereo sound stage

These portable speakers create a natural stereo sound stage when they are placed apart, giving the impression that each musical instrument occupies a different physical space. The effect is more realistic and more enjoyable.

## Compact and lightweight

Small and lightweight - you'll hardly notice it's with you. Pop it in your pocket or bag and take it anywhere.

## For portable equipment

Universal use with all portable entertainment equipment. Simply connect using the 3.5 mm plug.

## No batteries required

For extra convenience, no batteries are required in these portable speakers. They are powered by the portable audio player's output signal.

## Plug & play speakers

The 'plug & play' feature saves you time because you simply connect the speakers to the portable audio player as you would normally connect the headphones, by using the jack plug.
