- **Headphone:** 3.5 mm
- **Other connections:** FM Antenna, MW Antenna

### Convenience

- **Alarms:** CD Alarm, Radio Alarm, Sleep timer
- **Clock:** On main display
- **Display Type:** LCD
- **Backlight colour:** Blue
- **Eco Power Standby:** 1 watt

### Accessories

- **Included Accessories:** FM/MW Antenna, Screws for wall mounting x2
- **Remote control:** 23-key with battery

### Dimensions

- **Set dimensions (W x H x D):** 250 x 245 x 96 mm
- **Main speaker dimensions (W x H x D):** 166 x 245 x 90 mm
- **Packaging dimensions (W x H x D):** 330 x 313 x 303 mm
- **Weight incl. Packaging:** 5.6 kg

## Product highlights

### 10 hours of MP3-CD music

MP3 stands for "MPEG 1 Audio layer-3". MP3 is a revolutionary compression technology by which large digital music files can be made up to 10 times smaller without radically degrading their audio quality. MP3 has become the standard audio compression format used on the world wide web, allowing quick and easy audio file transfer.

### Digital Sound Control

Digital Sound Control offers you a choice of pre-set Jazz, Rock, Pop and Classic controls you can use to optimise the frequency ranges for different musical styles. Each mode uses graphic equalizing technology to automatically adjust the sound balance and enhance the most important sound frequencies in your chosen music style. Ultimately, Digital Sound Control makes it easy for you get the most out of your music by precisely adjusting the sound balance to match the type of music you are playing.

### Dynamic Bass Boost

Dynamic Bass Boost maximises your music enjoyment by emphasising the bass content of the music throughout the range of volume settings - from low to high - at the touch of a button! Bottom-end bass frequencies usually get lost when the volume is set at a low level. To counteract this, Dynamic Bass Boost can be switched on to boost bass levels, so you can enjoy consistent sound even when you turn down the volume.
