Highlights

Customizable PC headset

Customizable earshells on this PC headset allows you to differentiate yourself with shells that match your personal style.

40 mm speaker driver

The 40 mm speaker driver is made of a composite mylar material for a highly sensitive yet powerful element that delivers sound without audible distortion.

Highly sensitive microphone

For clear and uninterrupted online conversations, this PC headset is the perfect solution as it comes with a highly sensitive microphone that picks up your voices.

Comfort ear cushions

The special shape and luxurious materials used for the ear cushions of these Philips headphones ensure a perfect fit for maximum comfort. They prevent audio leakage and enhance bass performance too. The ear cushions are shaped in such a way that they perfectly align with the area around a person's ear.

Adjustable Comfort level

No matter how you like to 'feel' your headphones, this unique headband construction will always provide you with a personalized, comfortable fit. With height adjustment, you can comfortably wear the headphone for a much longer period.

In-line mute & volume control

Mute your voice or adjust the volume without having to go to the audio source device.
