- Power consumption : approx. 12W
- Standby power : 0.7W

General

- Local and on-screen display
- 37-key remote control
- Smart picture
- Karaoke

Product highlights

Progressive Scan (PAL & NTSC)

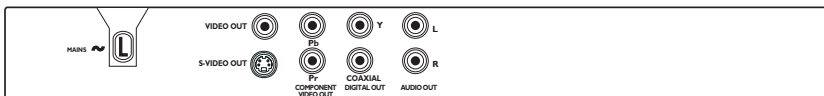

Progressive Scan doubles the vertical resolution of the image resulting in a noticeably sharper picture. Instead of sending the field with the odd lines to the screen first, followed by the field with the even lines, both fields are written at one time. A flicker-free high resolution image is created giving you the best viewing.

4x Video Upsampling

Video Upsampling is a technology that decreases distortion to dramatically improve picture quality.

Smart Picture

Smart Picture provides the optimum picture settings for color, brightness, saturation, contrast, sharpness, etc., to enhance your overall viewing experience at all times.

EAN 87 10895 79383 4 (/78)

Dimensions (w x h x d):
 360mm x 43mm x 285mm (DVD player)
 425mm x 115mm x 340mm (Pack/carton)
 Weight:
 2.98 kg (Pack/carton)

Bundled equipment:
 DVD-Video player, Remote Control, 2x AA battery,
 1x two pin adaptor (round to flat) for /78 only,
 user manual
