Built-in rechargeable battery

Built-in strobe flash

The built-in strobe flash provides artificial light to make it possible to take pictures in low light environments.

Durable all metal housing

Downloads via USB2.0

Preview screen

The color preview screen shows the image currently framed by the lens of the camera, or shows the images stored in the camera.

USB Bus-powered

USB bus-powered devices draw the power they require directly from the USB bus so you don't need an additional power supply. This helps reduce the cable tangle on your desktop.

SD memory expansion slot

Store more images in your camera by expanding your memory using the additional memory slot
