Highlights

Built-in digital tuner

Built-in digital tuner for DVB-T radio and TV reception

Plays it all

Play virtually any media format you want - whether they be DivX, MP3s or JPEGs. Experience the unbeatable convenience of great playability, and the luxury of sharing media files on your TV or home theater system - in the comfort of your living room.

USB Media Link

The Universal Serial Bus or USB is a protocol standard that is conveniently used to link PCs, peripherals and consumer electronic equipment. With USB Media Link, all you have to do is plug in your USB device, select the movie, music or photo and play away.

On-screen TV guide

There are hundreds of programs at our disposal each week. Unfortunately, it is never easy to find out what interesting shows are in store. The on-screen TV guide provides a clear and concise list of TV programs that will be broadcast. It ensures you find what you need quickly and conveniently, and allows you to immediately choose the programs you want to record. There's no easier way to watch TV than with the on-screen TV guide.
