PHILIPS

Highlights

Android™ Compatibility

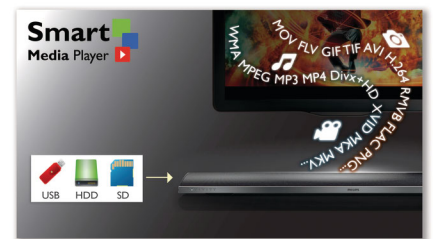

This home cinema speaker is compatible with all Android™ DLNA tablets and phones so you can stream all of your favorite music, movies and photos wirelessly. Simply ensure your home cinema speaker and Android devices are connected to the same Wi-Fi network, and you can start enjoying endless entertainment right away.

Stream wirelessly

Philips SimplyShare lets you share all your favorite music, movies, and photos directly from your Android DLNA tablet/phone to your home cinema sound effortlessly. Simply connect your home cinema speaker, TV and Android devices to your Wi-Fi network, and start streaming your media files easily.

Integrated Smart Media Player

The integrated Smart Media Player lets you play all your media files on this home cinema speaker. Simply connect a portable hard drive, thumb drive or SD card to the home cinema speaker's USB connector/SD card slot*, and start enjoying your music, movies and photos right from the comfort of your sofa.
