Highlights

Easy colour-coding

To make it easier to recognise the most common battery sizes, we use colour-coding for battery sizes according to industry standards.

Language-free symbols

Universal language-free symbols on the packaging explain how and where the battery can or should be used.

Ultra high energy

Excellent for use in high-energy devices.

Complete range

Philips offers a complete portfolio consisting of the most frequently used batteries (AA, AAA, C, D, 9V) in different packaging variations in order to meet your needs.

Shelf life up to 10 years

Every battery suffers from energy loss when not in use. We guarantee that the battery contains at least 80% of its initial energy within the best before date.
