- Protect your device from spilt water

### Extra touches for your convenience

- Enjoy up to 3 hours playback with a built-in battery\*
- USB connection for video, photo and music playback
- Full Resume on Power Loss
- · Car adaptor included

## Highlights

### MP3-CD, CD and CD-RW playback

MP3 is a revolutionary compression technology by which large digital music files can be made up to 10 times smaller without radically degrading their audio quality. A singe CD can store up to 10 hours of music.

### View JPEG from picture disc

Play JPEG photos that are saved on your disc. Relive your favourite moments with family and friends anytime you want!

### DVD, DVD+/-RW, (S)VCD, CD

The Philips Portable DVD player is compatible with most DVD and CD discs available in the market. DVD, DVD+/-R, DVD+/-RW, (S)VCD and CD – all of them can play on the DVD player. DVD+/-R is a shorthand term for a DVD drive that can accept both of the common recordable DVD formats. Likewise, DVD+/-RW handles both common rewritable disc types.

### **Power Resume**

The DVD-Video player remembers where you last stopped watching both if it is powered off directly and if the power supply is discontinued. If you did not change to another disc, your player will resume play where you last stopped the movie just by reloading the disc—making your life a lot easier!

### **DivX Certified**

With DivX<sup>®</sup> support, you are able to enjoy DivX encoded videos and movies from the

Internet, including purchased Hollywood films. The DivX media format is an MPEG-4-based video compression technology that enables you to save large files like movies, trailers and music videos on media like CD-R/RW and DVD recordable discs, USB storage and other memory cards for playback on your DivX Certified<sup>®</sup> Philips device.

### **USB** connection

Simply plug in your portable USB device to the USB connector on your Philips portable DVD player and playback your digital videos, music or photos directly. Now you can share your favourite moments with family and friends.

### Spill-resistant design

The device is built to resist accidental spillages. The spill-proof design with its rubber surface prevents liquids from damaging electrical or mechanical components, and it is easy to clean.

### Specifications

### **Product dimensions**

- Product dimensions (W x H x D):  $20.2 \times 4.2 \times 16.2$  cm
- Weight: 0.82 kg

### **Outer Carton**

- Outer carton (L x W x H):  $28 \times 24.5 \times 26$  cm
- · Net weight: 3.528 kg
- Gross weight: 4.635 kg
- Tare weight: 1.107 kg GTIN: 1 87 12581 67528 5
- Number of consumer packages: 3

### Picture/Display

- Diagonal screen size: 7 inch / 18 cm
- Resolution:  $480(w) \times 234(H) \times 3(RGB)$
- Display screen type: LCD TFT

- Output Power: 250 mW RMS (built-in speakers)
- Output power (RMS): 5 mW RMS (earphone)
- Signal to noise ratio: >80 dB (line out), >76 dB (earphone), >62 dB (built-in speakers)

### Video Playback
