Highlights

Pure and clear sound

Parametric Equalizer delivers pure and clear sound

Adjustable speaker volume

2 levels for adjusting speakerphone volume to suit your need

Always connected

Always connected - works even during power outage

Call log

60 entries of call log keep track of missed, dialed and received calls.

Caller ID*

Sometimes it is good to know who is calling before you answer. And our Caller ID lets you keep track of who is on the other end of the line.

Easy to read 2.6" display

Easy to read, 6.4cm (2.6") LCD display

Speakerphone

Handsfree mode uses a built-in loud speaker to amplify the voice of the caller, allowing you to speak and listen during a call without holding the phone to your ear. This is especially useful if you want to share the call with others or simply multitask.
