Highlights

1500J

Prevent thousands of dollars of damage to your electronic devices.

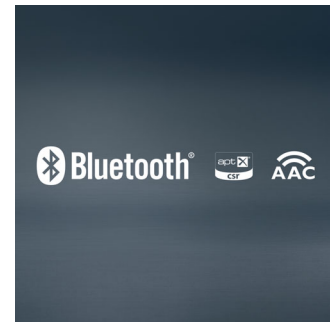

Protected phone connections

These connectors accomodate and RJ11 cord, routing the telephone line through the surge protector to guard against spikes and surges.

Protected coax connections

Connectors route the coaxial signal through the surge protector to protect against surges and spikes.

\$150,000 equipment warranty

Protects your connected equipment for the life of the product.

Power Blocker

Automatically shuts down power to the connected devices.

3 outlets with protection

Protects against surges/spikes through the AC lines by supressing surge energy. The excess energy is clamped by the MOV when the unit is subjected to a surge event.

Pure Power

Purifies electrical current to improve picture quality.

Protection indicators

LED lights let you know if your surge protector is functioning properly.
