Highlights

Richer sound

The crackle of laser-fire. The roar of a crowd. Two channels bring new levels of sound to your favourite movies and shows. The compact, wireless subwoofer delivers satisfying bass. Explosions will rumble and music sounds full.

Ready for your favourite tunes

Movie over? Time for a post-series-finale discussion? Once the on-screen drama has ended, switch the soundbar to Bluetooth and cue up a playlist. Or play your tunes straight from the audio-in port. You'll enjoy the same richer sound, whatever you love to listen to.

Distinctive design

This soundbar boasts a beautifully simple design and low profile. When it comes to placement, the integrated wall brackets keep your options open. The compact design of the powerful sub-woofer makes it easy to conceal.

Any source

Connect via HDMI, audio-in, USB and more. HDMI-out (ARC) lets you control the soundbar with your TV remote.
