- Carrying case

Highlights

1.2m cable

The ideal cable length to give you the freedom to put your audio device where you want.

15 mm speaker driver

Small enough for optimum wearing comfort and big enough to deliver crisp, non-distorted sound, the 15 mm speaker driver is an ideal size for listening enjoyment.

3-way adjustable

Enjoy a snug, personalized fit and optimum stability, even when you're active or on the move. With three-way adjustment, your comfort is guaranteed.

Carrying pouch included

Look after your headphone and stop the cable getting tangled by storing it in this handy soft pouch.

CCA W voice coil

By using top-quality Copper Cladded Aluminium Wire (CCA W) in the headphone driver's voice coil, the sound quality is considerably improved.

Durable all metal housing

for excellent comfort and durability

Lightweight design

The durable, lightweight quality materials of these Philips headphones enhance comfort for extended wearing.

Neodymium magnets

Neodymium is the best material for producing a strong magnetic field for greater sensitivity in a voice coil, better bass response and higher overall sound quality.

Reinforced cable connection

A soft plastic part on the earshell reduces cable strain, protects the connection and prevents damage from repeated bending.

Sweat-resistant ear cushions

for use in active sports
