- Protect your device from spilled water

Extra touches for your convenience

- Enjoy up to 3 hours playback with a built-in battery*
- USB connection for video, photo and music playback
- Full Resume on Power Loss
- Car adaptor included

PHILIPS

Highlights

MP3-CD, CD and CD-RW playback

MP3 is a revolutionary compression technology by which large digital music files can be made up to 10 times smaller without radically degrading their audio quality. A single CD can store up to 10 hours of music.

View JPEG from picture disc

Play JPEG photos that are saved on your disc. Relive your favorite moments with family and friends anytime you want!

DVD, DVD+/-RW, (S)VCD, CD

The Philips Portable DVD player is compatible with most DVD and CD discs available in the market. DVD, DVD+/-R, DVD+/-RW, (S)VCD, and CD – all of them can play on the DVD player. DVD+/-R is a shorthand term for a DVD drive that can accept both of the common recordable DVD formats. Likewise, DVD+/-RW handles both common rewritable disc types.

Power Resume

The DVD-Video player remembers where you stop watching last time when it is powered off directly or when the power supply is discontinued. If you did not switch to play another disc, your player will resume play where you have stopped the movie last time just by reloading the disc. Making your life a lot easier!

DivX Certified

With DivX® support, you are able to enjoy DivX encoded videos and movies from the

Internet, including purchased Hollywood films. The DivX media format is an MPEG-4 based video compression technology that enables you to save large files like movies, trailers and music videos on media like CD-R/RW and DVD recordable discs, USB storage and other memory cards for playback on your DivX Certified® Philips device.

USB connection

Simply plug in your portable USB device to the USB connector on your Philips portable DVD player and playback your digital videos, music or photos directly. Now you can share your favorite moments with family and friends.

Spill resistant design

The device is built to resist accidental spillages. The spill-proof design with its rubber surface prevents liquids from damaging electrical or mechanical components, and it is easy to clean.

Specifications

Product dimensions

- Product dimensions (W x H x D):
20,2 x 4 x 16,4 cm
- Weight: 0,82 kg

Outer Carton

- Outer carton (L x W x H): 28 x 24,5 x 26 cm
- Nett weight: 3,18 kg
- Gross weight: 4,27 kg
- Tare weight: 1,09 kg
- GTIN: 1 87 12581 68125 5
- Number of consumer packagings: 3

Picture/Display

- Diagonal screen size: 7 inch / 18 cm
- Resolution: 480(w)x234(H)x3(RGB)
- Display screen type: LCD TFT

Sound

- Output Power: 250mW RMS(built-in speakers)
- Output power (RMS): 5mW RMS(earphone)
- Signal to noise ratio: >80dB(line out),
>76dB(earphone), >62dB(built-in speakers)
