Highlights

Best sound companion

Best sound companion to Philips DesignLine TV

SoundSphere Floating Tweeter

SoundSphere floating tweeter for deep wide sound

Cinematic Virtual Surround

Bring the cinema into your home with Philips Cinematic Virtual Surround. Tuned by Philips sound experts, Cinematic Virtual Surround crafts a deep, all-encompassing sound using less than five speakers. The sonic qualities of a full 5.1 surround system is recreated with a series of highly advanced spatial algorithms,

producing a sound that feels as true to life as real surround sound. Any high quality stereo sound can be transformed into true-to-life, multi-channel surround sound, just like you would get in the cinema. All without buying extra speakers, wires or speaker stands.

Contemporary design

Contemporary design and premium finishing

Solid wood speaker enclosure

HDMI ARC

HDMI ARC to access all the sound from your TV

EasyLink controls devices

EasyLink lets you control multiple devices like DVD players, Blu-ray players, soundbar speaker, Home theater and TV's etc. with one remote. It uses HDMI CEC industry-standard protocol to share functionality between devices through the HDMI cable. With one touch of a button, you can operate all your connected HDMI CEC enabled equipment simultaneously. Functions like standby and play can now be carried out with absolute ease.
