# Highlights

## Digital tuning with presets

Simply tune into the station that you want to preset, then press and hold the preset button to memorise the frequency. With preset radio stations that can be stored, you can quickly access your favourite radio station without having to manually tune the frequencies each time.

## Built-in clock

A built-in clock keeps time accurately. When the radio is off, the clock display comes on for added convenience.

## Pocket-size

Pocket-size for portable use

## Large backlit LCD display

Backlit LCD display ensures easy viewing and operation in low light conditions, and provides clear information at a glance.

## Digital tuning with presets

Digital tuning with preset stations for extra convenience

## Stereo headphone jack

Connect your own headphones to this Philips device for a more personal listening experience whenever you want it. You can enjoy your favourite music in great sound without disturbing others by connecting your headphones to this device.
