

Philips  
Wireless speaker

Bluetooth® aptX and NFC

USB port for charging  
Built-in microphone for calls  
10W

BT5500B

## Quality sound enjoyable in every room

Revel in music streamed wirelessly using advanced Bluetooth® aptX & AAC, with easy NFC pairing. Optimized tweeters and driver create a balanced, sweet sound that can be enjoyed anywhere thanks to an integrated handle and battery operation.

### Surprisingly rich sound

- High fidelity Bluetooth® (aptX® and AAC) music streaming
- 10W RMS total output power

### Enjoy your favorite music

- Wireless music streaming via Bluetooth
- Audio-in for easy connection to almost any electronic device

### Advanced versatility

- One-Touch with NFC-enabled smartphones for Bluetooth pairing
- Battery or AC power option for music enjoyment anywhere
- Built-in microphone for speaker phone conversation
- USB port to charge any mobile device

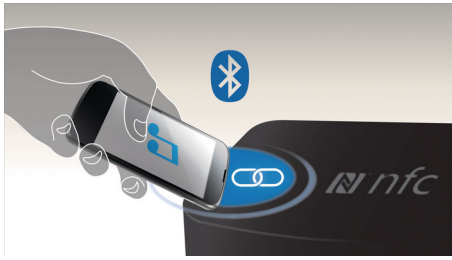

# PHILIPS

## Wireless speaker

Bluetooth® aptX and NFC USB port for charging, Built-in microphone for calls, 10W

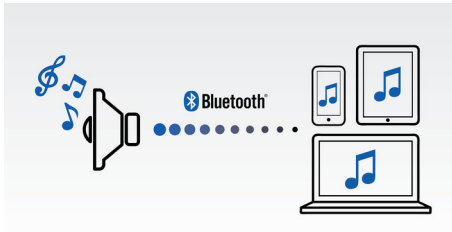

# Highlights

### NFC technology

Pair Bluetooth devices easily with one-touch NFC (Near Field Communications) technology. Just tap the NFC enabled smartphone or tablet on the NFC area of a speaker to turn the speaker on, start Bluetooth pairing, and begin streaming music.

### Wireless music streaming

Bluetooth is a short range wireless communication technology that is both robust and energy-efficient. The technology allows easy wireless connection to iPod/iPhone/iPad or other Bluetooth devices, such as smartphones, tablets or even laptops. So you can enjoy your favorite music, sound from video or game wireless on this speaker easily.

### High fidelity Bluetooth®

With advanced technology, sound streamed via Bluetooth® is brought to the next level. Standard Bluetooth® audio uses SBC codec that is built for basic audio transmission, leaving listeners sometimes disappointed and dissatisfied. The Philips speaker, however, is armed with high fidelity (aptX® and AAC) Bluetooth® wireless technology – giving you rich, powerful and crystal clear sound. Compatible with both latest Android™ and Apple iOS smartphones, tablets and other devices, Philips now delivers the audio quality you have come to expect. Wireless music never sounded this good.

### Built-in microphone
