- Up to 12 minutes recording time

Save Energy

- Low power consumption: < 0.65 W in stand-by mode

PHILIPS

Highlights

Handset speakerphone

Handsfree mode uses a built-in loud speaker to amplify the voice of the caller, allowing you to speak and listen during a call without holding the phone to your ear. This is especially useful if you want to share the call with others or simply multitask.

Low power consumption:< 0.65 W

Philips phones are energy efficient and are designed to be respectful to the environment. Now the power consumed in stand-by mode is less than < 0.65 W.

Ultimate convenience

Ultimate convenience through easy set up.
Simplified installation - Plug & Play product

50-name phonebook

Always have the phone numbers of your loved ones available: Save up to 50 names in your phonebook.

Answering machine

Access all your messages directly from the base and the handset.
