## Power

- Battery lifetime: Up to 3hrs\*
- Battery Type: Built-in battery

## Dimensions

- Master carton dimensions: 225 x 270 x 245 mm
- Master carton quantity: 3
- Master carton weight: 3.9 kg
- Packaging dimensions (W x H x D): 233 x 251 x 70 mm
- Product dimensions (W x H x D): 195 x 39 x 153 mm
- Packaging type: D-box
- Product weight: 0.71 kg

# Highlights

## 18 cm/7" TFT color LCD (16:9)

The color LCD display brings images to life, showing off your treasured photos, favorite movies and music with the same 'real life' rich detail and vibrant colors as high quality prints. The 16:9 widescreen aspect ratio is standard for universal to high-definition digital television. A native 16:9 aspect ratio means video display without bars at top and bottom of the picture and without the quality loss that comes from scaling, altering an image to fit on a different screen size.

## MP3-CD, CD and CD-RW playback

MP3 is a revolutionary compression technology by which large digital music files can be made up to 10 times smaller without radically degrading their audio quality. A single CD can store up to 10 hours of music.

## View JPEG from picture disc

Play JPEG photos that are saved on your disc. Relive your favorite moments with family and friends anytime you want!

## 3 hours built-in battery\*

This Philips player comes with a compact built-in rechargeable battery for long-lasting power. Up to 3 hours of continuous movie, photo and music playback enjoyment can be achieved on a single charge. Just plug in the power cable to recharge the player - it's that simple.

## Enjoy 16:9 widescreen movies

Display and share your movies and digital photos with your friends and family. The 16:9 widescreen aspect ratio is standard for universal to high-definition digital television. A native 16:9 aspect ratio means video display without bars at top and bottom of the picture and without the quality loss that comes from scaling, altering an image to fit on a different screen size.
