Highlights

3in1 TV, DVD, VCR remote

Replace a table full of remote controls with one robust unit that will operate your TV, DVD player/recorder and VCR regardless of the brand or model.

Simple system setup

Setup your remote control as soon as possible with an intelligent scanning system that automatically scans for the codes that match your equipment.

Pre-programmed for Philips

If you have Philips equipment, you can use your universal remote control without programming it because all keys are pre-set for Philips.

Batteries included

No extra batteries to buy, so you can use your new universal remote control straight out of the packaging!

URC Service line

If you have a problem or question about your universal remote control, or there's a function key on your original remote control not covered by the extensive built-in code library, call the service line for a solution. It's available seven days a week.

Controls Channel and Volume

You can step up and down through the most popular functions like channel selection and volume using large distinctive keys, making zapping both comfortable and convenient.

Fast menu access

The important functions like setup menu and text TV have clearly labelled, dedicated keys to make operating your equipment easier.

Shockproof

Drop it, bounce it, and just keep on using it! The rubber over-moulded housing means your remote control can take the knocks of active family life. Looks great and feels good in your hand too.

Splash and shock resistant

The tough housing can withstand splashes and spilled drinks, and is able to withstand a drop of at least one meter onto a hard floor.
