- Biometric Identification makes unlocking fast and accurate

Dedicated design for perfection

- Sleek design decorates your front door
- Easy installation with just a screwdriver

PHILIPS

Electronic deadbolt
4 ways to unlock One-time PIN code, Easy assembling, Auto-lock

Highlights

Sleek design

Modern design fits your door. High quality touchscreen keypad, available in multiple finishes. This digital door lock improves doors of any style.

4 ways to unlock

This lock provides convenient living and multiple options to suit your lifestyle. It can be unlocked with 50 fingerprints, 20 PIN codes, mechanical keys for family members, and unlimited one-time PIN codes for visitors. You can choose any method to unlock your door. The multi-functional lock makes your life more convenient.

Multiple alert functions

This electronic door lock is equipped with a lockout alarm, a low battery alert, away mode

for vacations, privacy mode, and other security features to ensure the safety of your home at all times. Safer and more secure, Philips electronic deadbolt brings a new smart experience.

Biometric Identification

When you come home, you no longer need to look for the key on the door, just a gentle touch of your fingerprint is enough to unlock the door. Biometric fingerprint identification technology improves the accuracy of fingerprint recognition. Counterfeit fingerprints are rejected, which enhances security.

Simple sharing

Works with the Philips Home Access app to generate a one-time PIN code remotely without a Wi-Fi bridge or Bluetooth connection. You can easily share unlimited one-time PIN codes for your home with friends, family members, or anyone you want.

DDL210CI5KN0/37

Easy installation

The door lock installs in minutes with just a screwdriver and is suitable for most standard door preps.

Ultra-long battery life

This electronic door lock consumes little power and lasts up to 1 year* with 4 AA alkaline batteries. When the batteries run low, a low battery alert will remind you to change your batteries, preventing a lockout.

Voice guide

Voice guidance guides you through the configuration of the lock without the need for an instruction manual. English, French, and Spanish voice guides are available.
