

PHILIPS

Soundbar

HTL1020

User manual

General information

Safety instructions

Please read carefully the safety mark on the back side

This mark is intended to alert the user from the non isolated dangerous voltage within the product that may be of sufficient magnitude to constitute a risk of electric shock to persons.

This mark is intended to alert the user for important operating and servicing instruction.

Warnings

- Avoid sustained periods on high-volume use, and do not turn the volume to maximum level while using high output signal, such as Mobile Phone or DVD, etc., as this will cause distortion and may damage the loudspeaker cones.
- Please switch off the system from the wall socket, when not in use.
- Do not open the cover or back panel to avoid electrical shock or any other accidents. No user-serviceable parts are inside.
- Only for indoor use.
- Plug the system to the AC outlet with the right voltage marked on the back panel of the Subwoofer.
- The MAINS plug is used as the disconnect device, the disconnect device shall remain readily operable.

- The product shall not be exposed to dripping or splashing and that no objects filled with liquids, such as vases, shall be placed on the product.
- Batteries shall not be exposed to excessive heat such as sunshine, fire or the like.
- Attention should be drawn to the environmental aspects of battery disposal.

Care and safety information

Avoid high temperatures, moisture, water and dust

- Apparatus should not be exposed to dripping or splashing of liquid.
- Do not place any source of danger on the Subwoofer, and satellite (e.g. liquid filled objects lighted candles).
- Do not install near heat sources.

Do not block any ventilation opening

- Place the apparatus in a location with adequate ventilation to prevent internal heat build up. Allow at least 10cm (4 inches) of free space all around the apparatus for adequate ventilation.
- At high volume the back cover of Subwoofer becomes hot. Do not touch it.

Care of the cabinet

- Use a soft cloth slightly moistened to clean the cabinet. Do not use a solution containing alcohol, spirits, ammonia or abrasives.

* AVAILABLE IF CONNECTED

Playing the speakers

System positioning :

The soundbar is recommended to be put on the flat desktop to get a better acoustic effect.

Helpful Hint:

- To avoid magnetic interference, do not position the speakers, too close to your TV.

Bluetooth Operating Instruction

- Press SOURCE key from soundbar to Bluetooth mode;
- When selecting the Bluetooth mode. “.” of “bt.” in display will start blinking and you will hear an audio tone which indicates Bluetooth pairing mode.
- For pairing with mobile phone or other Bluetooth devices, search the device named “Philips HTL1020” and pair it. Once paired, “.” of “bt.” slowly flash and come up with another audio tone. “.” of “bt.” will stop flash when playing music.
- Press and hold “⏮” for 3 seconds in order to force disconnect the Bluetooth connection.

Note: While using Bluetooth, if external call comes, then speaker system goes in mute mode in order to protect privacy of mobile phone user. Operation resumes once the call is disconnected.

Troubleshooting

Warning -

Under no circumstances should you try to repair the system yourself, as this will invalidate the warranty. Do not open the system as there is a risk of electric shock. If a fault occurs, first check the points listed below before taking the system for repair. If you are unable to remedy the problem by following hints mentioned in below table.

Problem	Solution
1. No power.	Check if the AC power cord is properly inserted into the AC mains socket.
2. No sound or distorted sound.	Adjust the volume / select the correct source to choose the equipment that you want to hear through the system.
3. Low hum or buzz sound.	Place the product as far away as possible from electrical devices that may be causing interference / Check power supply voltage and consult electrician.
4. The content of the USB flash drive cannot be read.	The USB flash drive format is not compatible with the system. Drive is formatted with a different file system which is not supported by this unit (e.g. NTFS).
5. Slow operation of the USB flash drive / cannot detect USB flash drive.	Big memory size USB flash drive will take longer time to read and play. / Take out USB drive and insert it again properly.
6. BT not working.	Reduce the distance or device is not paired.
