- Battery charging time: 3.5 hours

Product highlights

New generation LCD panel
New generation LCD Panel offers superior entertainment with a wider viewing angle, a faster response time and natural brillant colours. Minimal 'colour shift' i.e uniform natural colours when viewed from different angles.

Widescreen 16:9 display
The display has a widescreen (16:9) format, thus offering a wide screen picture, without black bars on the top and bottom of the picture, at maximum brightness of the picture.

Widescreen movie modes
Enhance your viewing experience with Widescreen Moview Modes, which lets you choose the screen format from various options. View your movie the way it is meant to be.

Dolby digital
Because Dolby Digital and DTS, the world's leading digital multi-channel audio standards, make use of the way the human ear naturally processes sound, you experience superb quality surround sound audio with realistic spatial cues.

* Battery life varies with use
