Note
* In multi-handset packs, there are additional handsets, chargers and power adapters.
** In some countries, you have to connect the line adapter to the line cord, then plug the line cord to the telephone socket.

Caution
* Use only the supplied batteries and power adapter.

1 Connect

Connect the base station

1 Connect each end of the power adapter to:
   • the DC input jack at the bottom of the base station;
   • the power socket on the wall.
2 Connect each end of the power adapter to (for multi-handset packs):
   • the DC input jack at the bottom of the extra handset charger.

Charge 16 hours

1 The batteries are pre-installed in the handset. Pull the battery tape off from the battery door before charging.

2 Place the handset on the base station to charge the handset. When the handset is placed correctly on the base station, you hear the docking sound.

↳ The handset starts charging.

Note Charge the batteries for 16 hours before first use.

Configure your phone (if necessary)

1 When you see the welcome message, press **[OK]**.
2 Select your country, press **[SELECT]** to confirm.
3 Set the date and time.
   ↳ If the time is in 12-hour format, press ✳ key to select **[AM]** or **[PM]**.
   ↳ The phone is now ready to use.

Check the battery level

When the handset is off the base station/charger, the icon indicates the battery level:

▇ Full (steady on)   ▇ Medium (flashing)   ▢ Low (empty)

When you see the empty battery icon and hear an alert tone from the handset, the battery level is low and needs recharging.

▇ When the handset is on the base station/charger, the battery icon keeps flashing until charging completes.

▇ When the charging completes, the battery icon keeps steady on.
