# Highlights

## 40W RMS output power

40W RMS output power

## USB Direct for easy MP3 music

Thanks to the complete file transferability, you can easily enjoy the convenience and fun of accessing more digital music via the built-in USB Direct.

## Curved cabinet

The curvilinear design of the cabinet not only looks good but is shaped to provide a balanced sound that emanates more naturally and in its original form. With less distortion and coloration, you can be assured that your favorite music will always sound the way it is supposed to. Philips knows acoustics and we make sure that sound not only sounds great, but looks great too!

## Compact design

Thanks to the compact design you can easily carry the power solution with you when you are on the go.

## Bluetooth-enabled

Bluetooth is a short range wireless communication technology that is both robust and energy-efficient. The technology allows easy wireless connection to other Bluetooth devices, so you can play your favorite music from any smartphones, tablets or even laptops including iPod or iPhone on Bluetooth-enabled speaker easily.

## FM tuner

The built-in FM tuner lets you enjoy your favorite songs or news from your radio station every day. Simply tune into the station that you want to listen.

## Speaker-front control

Convenient speaker-front volume and power control

## Rich bass

This Philips PC speaker provides good sound quality with a rich bass experience from a loudspeaker box system.

## Designed for style

Cool design adds personality to your living space.
