Enrich your sound experience

- wOOx™ loudspeaker Technology for deep and powerful bass
- 50W RMS maximum output power

Design that blends into your interior

- Mono block design to fit in anywhere at home

PHILIPS

Highlights

Play and charge via Lightning

Enjoy your favorite music while charging your iPod/iPhone via the new Lightning connector! Just dock it directly on the speaker to play your hand-picked tunes in superb sound. It also charges your device quickly while playing, so you don't have to work about the battery running out.

Bluetooth with AptX support

Wireless music streaming via Bluetooth with Aptx support

USB Direct

With the USB Direct mode, simply plug in your USB device to the USB port on your Philips device and your digital music will be played directly from the Philips device.

Audio-in

The Audio in connectivity allows direct playback of Audio in content from portable media players. Besides the benefit of enjoying

your favorite music in the superior sound quality delivered by the audio system, the Audio in is also extremely convenient as all you have to do is to plug your portable MP3 player to the audio system.

Play MP3/WMA-CD, CD and CD-RW

Audio compression technology allows large digital music files to be reduced up to 10 times in size without radically degrading their audio quality. MP3 or WMA are two of the compression formats that let you enjoy a world of digital music on your Philips player. Download MP3 or WMA songs from authorized music sites on the Internet or create your own MP3 or WMA music files by ripping your audio CDs and transferring them onto your player.
