- Games CD provided for instant fun

Extra touches for your convenience

- TUV complied mounting pouch included
- Car adaptor and mounting strap included
- Full Resume on Power Loss
- AC/DC adapter included

PHILIPS

Highlights

DVD, DVD+/-RW, (S)VCD, CD

The Philips Portable DVD player is compatible with most DVD and CD discs available in the market. DVD, DVD+/-R, DVD+/-RW, (S)VCD, and CD – all of them can play on the DVD player. DVD+/-R is a shorthand term for a DVD drive that can accept both of the common recordable DVD formats. Likewise,

DVD+/-RW handles both common rewritable disc types.

DivX Certified

With DivX® support, you are able to enjoy DivX encoded videos and movies from the Internet, including purchased Hollywood films. The DivX media format is an MPEG-4 based video compression technology that enables you to save large files like movies, trailers and music videos on media like CD-R/RW and DVD recordable discs, USB storage and other memory cards for playback on your DivX Certified® Philips device.

Power Resume

The DVD-Video player remembers where you stop watching last time when it is powered off

directly or when the power supply discontinued. If you did not switch to play another disc, your player will resume play where you have stopped the movie last time just by reloading the disc. Making your life a lot easier!

Games CD

This player comes pre-packed with a bonus games CD for extra fun. Just put a game CD in the disk drive and start having added enjoyment on the go.

TUV mounting pouch

TUV complied mounting pouch included
