- Number of consumer packagings: 24

- Outer carton (L x W x H): 44 x 20.5 x 23 cm
- GTIN: 1 48 95229 10419 5

Product dimensions

- Product dimensions (W x H x D):
7.1 x 9.2 x 3.1 cm

Highlights

Dual USB charging

2 USB ports charge two devices simultaneously

Charge 2 devices simultaneously

2 USB to charge 2 devices simultaneously

USB-C port with PD

USB-C is the latest charging connector which is now adopted by mobile devices such as cell phones, outdoor cameras and tablets. PD (Power delivery) is the USB standard for power delivery which defines the standard for power delivery of 15W, 27W, 45W and up to 100W.

Works anywhere

Even if you're not near a wall or car charger, you can recharge your device's battery with the convenient battery pack. The intelligent battery pack supplies power first, so you can remove the pack after use and still have a full battery on your device.

Works with USB-based devices

The universal unit has a USB connection for use with your USB-based device via the device's USB cable which you already own or can purchase separately.
