SB3700/10

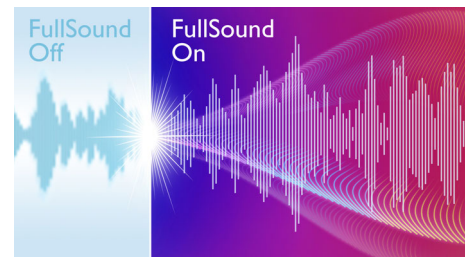

Highlights

SoundRing

A truly distinctive design and engineered to provide room-filling sound. It comprises a central bass sound pipe and four high definition drivers - two front-firing and two side-firing drivers powered by Neodymium magnets, to radiate sound all around, for a great clarity throughout the whole room.

FullSound™

Philips' proprietary FullSound technology uses latest-generation Digital Signal Processing to faithfully enhance music rendering. Music content is dynamically analyzed and optimized to let you experience music with great detail and warmth.

Wireless music streaming

Your speaker supports Bluetooth music streaming. It lets you enjoy your favorite tunes in high quality music wirelessly from your Bluetooth enabled devices.

AUDIO-IN (3.5mm)

Make one easy connection and enjoy all your music from portable devices and computers. Simply plug your device to the AUDIO-IN (3.5 mm) port on your Philips set. With computers, the connection is typically made from the headset output. Once linked, you can enjoy your entire music collection directly, on a set of superior speakers. Philips simply delivers better sound.

Built-in rechargeable battery

For greater convenience in the same elegant style, this SoundRing can be charged on the stand supplied. Just dock the speaker on it to enjoy more hours of listening pleasure.
