1 Important

- Read these instructions.
- Heed all warnings.
- Follow all instructions.
- Do not use this apparatus near water.
- Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.
- Only use attachments/accessories specified by the manufacturer.
- Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.
- The battery shall not be exposed to excessive heat such as sunshine, fire or the like.
- Apparatus shall not be exposed to dripping or splashing.
- Do not place any sources of danger on the apparatus (e.g. liquid filled objects, lighted candles).

Hearing Safety

Danger

- To avoid hearing damage, limit the time you use the headphones at high volume and set the volume to a safe level. The louder the volume, the shorter is the safe listening time.

Be sure to observe the following guidelines when using your headphones.

- Listen at reasonable volumes for reasonable periods of time.
- Be careful not to adjust the volume continuously upwards as your hearing adapts.
- Do not turn up the volume so high that you can't hear what's around you.
- You should use caution or temporarily discontinue use in potentially hazardous situations.
- Excessive sound pressure from earphones and headphones can cause hearing loss.

Always bring your product to a professional to remove the built-in battery.

2 Your Portable Speaker

Congratulations on your purchase, and welcome to Philips! To fully benefit from the support that Philips offers, register your product at www.philips.com/welcome.

Introduction

With this speaker, you can:

- listen to FM radio;
- enjoy audio from Micro SD card and other external devices.

What's in the box

Check and identify the contents of your package:

- Main unit
- USB cable X 1
- FM antenna X 1
- Quick start guide

3 Get started

Always follow the instructions in this chapter in sequence.

If you contact Philips, you will be asked for the model and serial number of this apparatus. The model number and serial number are on the bottom of the apparatus. Write the numbers here:

Model No. _____

Serial No. _____

Power supply

The speaker can operate on built-in rechargeable battery.

To recharge the built-in battery:

Connect the supplied USB cable to:

- the **DC 5V** socket on the speaker.
- the USB socket of a computer.

↳ The power indicator lights up.

↳ When the battery is fully charged, the power indicator turns off.

Turn on/off

- 1 Slide **⓪** to right.
↳ The speaker switches to the last selected source.
- 2 To turn the speaker off, slide **⓪** to left.

Select a source

Press **S** repeatedly to select an audio source: Micro SD card, FM tuner, or AUX.

4 Play

Play from Micro SD card

Note

- Make sure that the Micro SD card contains playable audio content.

- 1 Press **S** repeatedly to select the Micro SD card source.
- 2 Insert a Micro SD card into the card slot.
↳ Play starts automatically.

- To pause or resume play, press **▶||**.
- To select an audio file, press **◀◀/▶▶**.
- To search during play, press and hold **◀◀/▶▶**, then release to resume normal play.

Note

- Due to different materials and product techniques, it cannot be guaranteed that all Micro SD cards will work with this speaker.

Listen to FM radio

Note

- Keep the portable speaker away from other electronic devices to avoid radio interference.
- For better radio reception, plug the supplied antenna into the **AUX** socket or listen through the **🎧** socket.

- 1 Press **S** repeatedly to select FM tuner source.
- 2 Press and hold **◀◀/▶▶** for two seconds.
↳ The speaker tunes to a station with strong reception automatically.
- 3 Repeat step 2 to tune to more radio stations.

To tune to a station with weak signal:

Press **◀◀/▶▶** repeatedly until you find better reception.

Play from an external device

With this speaker, you can also enjoy audio from an external device.

- 1 Connect an Aux-in cable (not supplied) to:
 - the **AUX** socket at the back of the speaker;
 - the headphone socket on an external device.
- 2 Play audio on the device.

Listen through the headphone

Plug a headphone into the  socket on the speaker:

Tip

- When some headphones with Mic are plugged, you may hear audio from both the speaker and the headphone. If so, try another headphone.

Adjust volume

During play, press   to adjust volume.

Signal to Noise Ratio	>50 dB
Aux Input	600 mV RMS, 22 kohm

Tuner (FM)

Tuning Range	87.5-108.0 MHz
--------------	----------------

General information

Power supply (through USB socket)	5V, 0.6A;
Built-in battery	Ni-MH battery
Dimensions - Main Unit (W x H x D)	107 x 71 x 36 mm
Weight - Main Unit	0.12 kg

6 Troubleshooting

Warning

- Never remove the casing of this device.

To keep the warranty valid, never try to repair the system yourself.

If you encounter problems when using this device, check the following points before requesting service. If the problem remains unsolved, go to the Philips Web page (www.philips.com/support). When you contact Philips, make sure that the device is nearby and the model number and serial number are available.

No power

- Recharge the battery.

No sound

- Adjust volume.
- Check if you have selected the correct audio source.
- Disconnect the headphones.

No response from the speaker

- Turn on the speaker.
- Recharge the battery.

Poor radio reception

- Increase the distance between the unit and your TV or VCR.
- Fully extend the FM antenna.

7 Notice

Any changes or modifications made to this device that are not expressly approved by Philips Consumer Lifestyle may void the user's authority to operate the equipment.

Disposal of your old product and batteries

Your product is designed and manufactured with high quality materials and components, which can be recycled and reused.

Never dispose of your product with other household waste. Please inform yourself about the local rules on the separate collection of electrical and electronic products and batteries. The correct disposal of these products helps prevent potentially negative consequences on the environment and human health.

Your product contains batteries, which cannot be disposed of with normal household waste. Please inform yourself about the local rules on separate collection of batteries. The correct disposal of batteries helps prevent potentially negative consequences on the environment and human health.

Please visit www.recycle.philips.com for additional information on a recycling center in your area.

Environmental information

All unnecessary packaging has been omitted. We have tried to make the packaging easy to separate into three materials: cardboard (box), polystyrene foam (buffer) and polyethylene (bags, protective foam sheet.)

Your system consists of materials which can be recycled and reused if disassembled by a specialized company. Please observe the local regulations regarding the disposal of packaging materials, exhausted batteries and old equipment.

Note

- The type plate is located on the bottom of the apparatus.
