Highlights

1.3 Megapixels
With 1.3 Megapixels you can use your webcam as a camera for taking high-quality photographs that are even good enough for printing larger sized high-quality images.

30 frames per second video
Sit back and enjoy superior viewing with 30 frames per second video. This gives you smoother video images and a better all-round video chatting experience.

Automatic face tracking
The state-of-the-art camera software automatically detects your face and moves the lens to follow you as you move. You stay in the centre of the image even if you move during a video conference. It gives you the freedom to express yourself and converse naturally.

3 X digital zoom
This built-in digital zoom lens allows you to shoot from a distance easily, bringing subjects closer.

Pivot joint
Enjoy easy webcamming freedom with this handy pivot joint design. Just twist the camera 360° in any direction to film anywhere in your room without moving the webcam at all.

Built-in digital microphone
The built-in digital microphone allows you to talk naturally and freely or to add sound to a video clip recording.

Multimedia headset included
Included with your webcam is a Philips multimedia headset. The head mic ensures optimum sound quality and comfortable use.

Compatible with all services
The webcam and its software have been designed with all instant messaging services in mind. Add video to Skype, Windows Live Messenger, Yahoo! Messenger, AOL Instant Messenger and other services.

Snapshot button
With just one press of this button, your webcam takes a picture automatically. It's a fun way to share your pictures by adding them to e-mails, webpages or documents.

Stable mount
The multifunctional stand makes it easy for you to mount the webcam on any monitor, laptop, notebook or flat surface.

VLounge software
Software for capturing, managing and archiving snapshots and video clips in a very convenient way. With just a couple of mouse clicks you will be able to create and send Video mails. This software package gives you all you need to take full advantage of your Philips webcam.
