- Bluetooth version: 4.0
- Maximum range: up to 33 feet / 10

## Convenience

- Volume control
- Call management: Answer / End call, Call transfer, Last number redial, Microphone mute, Reject call, Switch between call and music, Voice command, Voice dial, Voice alert

## Power

- Battery Type: Li-polymer
- Rechargeable
- Power supply headset: via USB adapter
- Standby time: up to 220 hour(s)
- Talk time: up to 6 hour(s)

## Accessories

- Included: Earhook (optional), Quick start guide, USB charging cable

## Packaging dimensions

- Packaging type: Carton
- Type of shelf placement: Both
- Packaging dimensions (W x H x D):

- 9.5 x 17.5 x 3.1 cm
- Gross weight: 0.074 kg
- Nett weight: 0.036 kg
- Number of products included: 1
- Tare weight: 0.038 kg
- UPC: 4 89518 56022 8

## Inner Carton

- Gross weight: 0.552 kg
- Inner carton (L x W x H): 20.8 x 19.5 x 11 cm
- Nett weight: 0.216 kg
- Number of consumer packagings: 6
- Tare weight: 0.336 kg
- GTIN: 2 04 89518 56022 2

## Outer Carton

- Gross weight: 3.9 kg
- Outer carton (L x W x H): 60.5 x 22 x 24 cm
- Nett weight: 1.296 kg
- Number of consumer packagings: 36
- Tare weight: 2.604 kg
- GTIN: 1 04 89518 56022 5

## Product dimensions

- Product dimensions (W x H x D):  
1.6 x 5.5 x 3.1 cm
- Weight: 0.031 kg

# Highlights

## Bluetooth HSP/HFP compliant

Bluetooth is a cable replacement technology. Bluetooth is a global standard, so Bluetooth devices of different manufacturers can interoperate using shared Bluetooth profiles. HSP (Handset Profile) and HFP (Handsfree Profile) are the profiles required for typical Bluetooth headset operations. If your mobile phone is compliant to HSP or HFP (like virtually any Bluetooth enabled phone) this headset will work with it. The Bluetooth word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Koninklijke Philips Electronics N.V. is under license.

## Wireless call management

Manage your call without using your mobile phone. This includes call acceptance, rejection, voice dial and redial. Voice dial and redial have to be supported by your mobile phone.

## Wireless handsfree talking

Using your cellphone without a headset can be inconvenient and unsafe. In many locations it is also illegal while driving. Wired handsfree kits add the hassle of a cable. A Bluetooth headset replaces the cable with a short range wireless Bluetooth connection, so your hands are free and your freedom to move is not hampered by a cable. Because the transmitted energy close to your head is much lower than that radiated from your mobile phone Bluetooth also decreases potential risks associated with cellphone radiation.

## Bluetooth® Stereo (A2DP)

This Philips device fully supports Bluetooth Stereo (A2DP). A2DP (Advanced Audio Distribution Profile) compliance enables this headset to receive stereo music from any Bluetooth device that is A2DP compliant. Therefore you can use this headset with any compatible mobile phone, PC, Bluetooth adapter, MP3 player etc. that supports A2DP.

## Clear, echo free calls

Enjoy clear, echo free calls with the headsets' highly sensitive microphone and smart acoustic design.

## Ergonomic earhook

The ergonomic earhooks size can be adapted in various steps to fit your ears, which will not only increase comfort but also ensure a safe fixture. In addition the earhook can be adapted to accommodate both left- and right-ear wearing styles.

## Pair two Bluetooth devices

Pair two Bluetooth devices simultaneously
