# Highlights

## 30 hours play time

Week in, week out, these headphones are up to the most demanding commute. A single charge takes just 1.5 hours, and gives you 30 hours play time or talk time. Two levels of fast charging<sup>1</sup> Rapid Charge and Quick Charge<sup>2</sup> give you an extra 2 or 6 hours play time. So you can keep listening Monday to Friday, and beyond.

## Detailed sound. Powerful bass

Perfectly tuned neodymium acoustic drivers deliver deep bass and clear midrange frequency

## Different folding design

These wireless headphones boast soft ear-cups that fold neatly in two configurations. You can fold them flat, perfect for storing in your office drawer. Or you can fold them flat and inwards, creating a compact bundle that fits into coat pockets and bags.

## Quick Charge.

Two levels of fast charging<sup>1</sup> Rapid Charge and Quick Charge<sup>2</sup> give you an extra 2 or 6 hours play time. So you can keep listening Monday to Friday, and beyond.

## Rapid charge.

If you need even more power, just 5 minutes on charge will give you another 2 hours play.

## Noise and echo cancellation

No more of those annoying echoes when you are talking on the phone. With our acoustic echo cancellation, you always get a clear, undisturbed connection.

## Multi-function button.

Easily control music and calls via the multi-function button. Don't like the current track. Skip it with a long press. Want to reject a call and keep listening. A simple button-press takes care of that.

## Smooth, adjustable headband.

Soft ear-cup cushions cover your whole ear, creating a seal that passively isolates external noise. The headband is light, easily adjustable, and smooth: there's no getting these headphones tangled in your hair.

## Passive noise isolation

creating a seal that passively isolates external noise.

## Hi-Res Audio

Twinkling pianos. Blistering rock. Whatever you love, Hi-Res Audio headphones let you feel the full impact of every note. When wired to a Hi-Res source, you'll get the full benefit of lossless audio that's recorded at a higher sample rate than CDs<sup>3</sup> for a brilliantly lifelike performance.
