- Packaging dimensions (W x H x D):
272 x 285 x 70 mm
- Product dimensions (W x H x D):
240 x 183 x 38 mm
- Product weight: 1 kg
- Packaging type: D-box

Highlights

Support DVB-T (free-to-air)

Support DVB-T standard for free-to-air digital TV

DivX Certified

With DivX® support, you are able to enjoy DivX encoded videos and movies from the Internet, including purchased Hollywood films. The DivX media format is an MPEG-4-based video compression technology that enables you to save large files like movies, trailers and music videos on media like CD-R/RW and DVD recordable discs, USB storage and other memory cards for playback on your DivX Certified® Philips device.

Power Resume

The DVD-Video player remembers where you last stopped watching both if it is powered off directly and if the power supply is discontinued. If you did not change to another disc, your player will resume play where you last stopped the movie just by reloading the disc—making your life a lot easier!

3 hours built-in battery*

This Philips player comes with a compact built-in rechargeable battery for long-lasting power. Up to 3 hours of continuous movie, photo and music playback enjoyment can be achieved on a single charge. Just plug in the power cable to recharge the player - it's that simple.

USB connection

Simply plug in your portable USB device to the USB connector on your Philips portable DVD player and playback your digital videos, music or photos directly. Now you can share your favourite moments with family and friends.
