Dimensions

- Packaging dimensions (W x H x D): 219 x 158 x 61 mm
- Product dimensions (W x H x D): 21.9 x 15.8 x 6.1 mm
- Weight: 0.6944 kg
- Weight incl. Packaging: 0.773 kg

Highlights

Gentle wake

Start your day right by waking up gently to a gradually escalating alarm volume. Normal alarm sounds with a preset volume are either too low to wake you up or are so uncomfortably loud that you are rudely jolted awake. Choose to wake up to your favorite music, radio station or buzzer alarm. Gentle wake's alarm volume gradually increases from subtly low to reasonably high in order to gently rouse you.

Interference-free DAB radio

DAB (Digital Audio Broadcasting) digital radio is, on top of FM analog transmission, a new way of broadcasting radio via a network of terrestrial transmitters. It provides listeners with more choices and information delivered in crystal clear, crackle-free sound quality. The technology allows the receiver to lock on to the strongest signal it can be find. With DAB digital stations there are no frequencies to remember, and sets are tuned by station name, so there is no returning on the move.

MP3 Link

The MP3 link connectivity allows direct playback of MP3 content from portable media players. Besides the benefit of enjoying your favorite music in the superior sound quality delivered by the audio system, the MP3 link is also extremely convenient as all you have to do is to plug your portable MP3 player to the audio system.
