

Clock Radio

TADR402/98

Helps you wake. Helps you sleep.

Wake up ready to go. This clock radio will charge your phone and wake you with a gently rising alarm tone, or slowly increasing radio volume. There's a sleep timer so you can fall asleep to the radio, and a night-light too.

Benefits

Simply beautiful

- Mirror-finished display. Elegant and clear
- Gentle Wake. Alarm tone or radio volume slowly increases
- Sleep Timer. Drift off listening to your favorite station
- USB port. Charge your phone
- FM digital radio

Sleep well. Wake gently

- Battery backup in event of power failure
- Dual alarm function. Set two alarms

Features

Beautifully simple

The mirror-finished display clearly shows the time and doubles as a touch control panel. You can adjust the display brightness.

- Night-light. Tap the top of the clock
- Repeat alarm for extra snooze time

Beautifully simple

- Easy-to-read display with adjustable brightness
- Gray fabric surround. Solid build
- Touch control. Tap the display to set time and alarm
- Dimensions: 110x110x55 mm

Battery backup

Battery backup ensures memory of time during power failure

PHILIPS

Gentle Wake

The Gentle Wake function deploys a gradually increasing alarm to ease you into the day. You can set it to work with the alarm tone or the radio.

One clock, two wake-up calls

The dual alarm function lets you set two different alarms. Perfect if you're likely to snooze through the first alarm. Or if your partner needs to wake before you.

Sleep Timer

Drift into restful sleep with your favorite radio station playing in the background. You can set the Sleep Timer to play your selected station for up

to 2 hours. After your preset time has elapsed, the radio turns off. No more waking in the middle of the night, wondering why the radio is still on!

Ready for the day

A handy USB port lets you use the clock's power supply to charge your phone while you sleep.

Ready for the night

If you need to get up at night, simply press the top of the clock to turn on the night-light. A second press decreases the brightness to give you a pleasantly dim glow.
