Saving you time, energy and more

- Save up to 70% energy by cooking 40% faster**
- QuickClean with full cleaning access, plus dishwasher safe
- XXL capacity, ideal for families and batch cooking

PHILIPS

Highlights

HomeID app

Guided cooking: Create delicious meals without any fuss by connecting your Airfryer Combi to the HomeID app. With a wide variety of dishes from around the world to choose from, HomeID guides you every step of the way, and you can upload your favourite recipes too!

Rapid CombiAir Technology

Taste sensation: Imagine dishes always cooked just how you like and a host of new recipes to delve into, sample and savor. With Rapid CombiAir Technology, that's a reality! Your Airfryer Combi with NutriU automatically adjusts cooking time, temperature and air speed. Choose low airflow to gently sous vide steak, slow cook stews and braise meats. The high, low and dynamic airflow cooking possibilities ensure your food is always deliciously tender on the inside and your preferred level of crispness to the outside.

Auto-Cook Programs

Be guided all the way: Philips' new Auto-cook programs take the stress out of cooking when you're in a rush, ensuring you're seamlessly guided all the way for the best results. Just select your ingredient and define the quantity and let the Airfryer Combi do the rest.

Integrated Food Thermometer

Add a personal touch: Cook steak and other proteins just how you like it, whether that's rare, well done or somewhere in between.* The integrated Food Thermometer gives you total control.

QuickClean

Next-level QuickClean: It's not just the cooking itself we've made easier; we've even improved the clean up with a new design. The innovative design makes cleaning the Airfryer Combi interior easier than any other Airfryer

on the market and all parts are dishwasher safe too.

Healthy cooking

You'll be able to savor all of the delicious taste without the need for oil as the Airfryer Combi uses hot air to cook your favourite everyday meals.

XXL capacity

More food in less time: batch cooking or making meals for 7+ people is now easier and more convenient than ever with the XXL capacity of 2kg/8.3L, our biggest Airfryer yet.

Versatile cooking functions

Get inspired to go beyond frying: Cook with confidence – Fry, Grill, Roast, Bake, Braise, Sous-Vide, Slow-Cook, Toast, Dehydrate, Defrost and more! Find recipe ideas to match the different cooking methods on NutriU from chefs and other NutriU users.
