- Audio supported format: MP3
- Playback mode: Next/previous track search, Play

and Pause

Convenience

- Display type: LED display

Connectivity

- Audio in (3.5mm)

Accessories

- USB cable: for charging

Power

- Battery type: Built-in lithium polymer
- Music play time: 4 hr

BT120/94

Highlights

20W RMS

This system has 20W RMS total output power. RMS refers to Root Mean Square which is a typical measurement of audio power, or rather, the electrical power transferred from an audio amplifier to a loudspeaker, which is measured in watts. The amount of electrical power delivered to the loudspeaker and its sensitivity determines the sound power that is generated. The higher the wattage, the better the sound power emitted by the speaker.

Bluetooth-enabled

Bluetooth is a short range wireless communication technology that is both robust and energy-efficient. The technology allows easy wireless connection to other Bluetooth devices, so you can play your favorite music from any smartphones, tablets or even laptops including iPod or iPhone on Bluetooth-enabled speaker easily.
