- Expand movie enjoyment with dual TFT LCD screens
- Built-in stereo speakers

### Extra touches for your convenience

- AC adaptor, car adaptor and AV cable included
- Car adaptor and mounting strap included
- Stereo headphone jack for better personal music enjoyment

# PHILIPS

# Highlights

## DVD, DVD+/-RW, (S)VCD, CD

The Philips Portable DVD player is compatible with most DVD and CD discs available in the market. DVD, DVD+/-R, DVD+/-RW, (S)VCD, and CD – all of them can play on the DVD player. DVD+/-R is a shorthand term for a DVD drive that can accept both of the common recordable DVD formats. Likewise, DVD+/-RW handles both common rewritable disc types.

## MP3-CD, CD and CD-RW playback

MP3 is a revolutionary compression technology by which large digital music files can be made up to 10 times smaller without radically degrading their audio quality. A single CD can store up to 10 hours of music.

## DivX Certified

With DivX® support, you are able to enjoy DivX® encoded videos. The DivX media

format is an MPEG4-based video compression technology that enables you to save large files like movies, trailers and music videos on media like CD-R/RW, and DVD recordable discs.

## Dual TFT LCD display screens

Dual screens allow you to display same videos or images from the portable DVD players. Simply plug in and mount the screens on the headrests in your car. Now you can enjoy your favorite DVD movies and JPEG photos with family and friends at the backseats easily and comfortably.

# Specifications

## Picture/Display

- Display screen type: LCD TFT
- Diagonal screen size (inch): 7 inch
- Resolution: 480(w)x234(H)x3(RGB)
- Brightness: 120 cd/m<sup>2</sup>
- LCD panel type: Anti-glare polarizer
