Highlights

Plug & Play pack - 2 handsets

The unique soft touch feel ensures that the phone lies perfectly within your hand and increases comfort while calling.

Baby-sit function

Worried about your baby not sleeping? No need to constantly go and check in his bedroom. The baby-sit mode allows you to keep an ear on him wherever you are in the house.

Free intercom

No need to stop what you are doing and go to give the handset to your son when his friend calls: you can freely and easily call the handset in his bedroom and transfer the call.

Digital answering machine

With a digital answering machine, you'll never miss a call or message.

30-minute recording time

Records up to 30 minutes of incoming messages

Illuminated message-counter

Just look at the base station to instantly know whether you have received any messages.

Icon-driven color menu

All functions are grouped into several menu items that are symbolized by a colored icon. This facilitates navigation and use of the phone.

Selectable wallpapers

An illustration is worth more than a thousand words. Scroll through the selection of images integrated into the handset. Select the one that best suits your mood of the day and have it displayed as a background on your screen.

Great for gaming

Let your phone be your stress relief. Sit back, select a game and set a new high score!

SIM-card copying facility

With the SIM-card copying facility, you can transfer your whole mobile-phonebook on to your home telephone in a matter of seconds.

Keep in touch by SMS texting

The SMS is a simple way to exchange information over the telephone line. You first type your text off-line and when you are ready, you send it to as many people as you like.
