Highlights

IPX4

With an IPX4 rating, these true wireless headphones are resistant to splashing from any direction. They won't mind a little sweat, and you don't need to worry about getting caught out in the rain.

Touch control

Touch control: use touch control to manage your music and calls conveniently. You can press play and pause, play the previous and next track and answer or reject calls.

Voice assistant

Wake your phone's voice assistant by touching the earphones, then you can ask the phone to play some music, call or check the weather and more

Capacitive sensor

With the built-in capacitive sensor, music is paused automatically when you take an earphone out. It can also prevent the earphones from triggering by mistake

Clear Voice Cancelling

Clear Voice Cancelling with two built-in microphones gives you a clear call experience.

Great sound

A 13 mm speaker driver and a classy BT 5.2 chip delivers great sound

Smart pairing

These earphones are ready to pair the instant you open the charging case. Once they are paired, the earphones remember the last device they were paired with

Mirroring

Use the advanced TWS retransmission technology to prevent latency and make the connection more stable between two earphones
