

Philips Prestigo  
Remote Control

PRESTIGO

SRU8112

## Direct access to your favourite channels

Easily select your favourite channels with our colour icon-based universal remote! Blending technology and convenience, the Prestigo SRU8112 provides direct access buttons to your TV channels as well as big buttons for ease of use.

### Single control solution for most devices and brands

- Extensive infrared code database for most devices and brands
- Extensive library of channel icons for easy selection
- Control up to 12 devices out of a choice of 24

### Quick and easy setup

- No manual needed for setup
- Convenient IR learning from another remote
- Easily add and label extra functionality

### Smart intuitive use

- Activities to control multiple devices with one button press
- Big buttons increase operability and readability
- Selection buttons conveniently located next to screen
- Easy-to-read 5.1 cm (2.0") colour LCD display

**PHILIPS**  
sense and simplicity

# Specifications

- Display Type: LCD
- Channel icon library: 500
- Number of activities: 26
- Programmable channel icons: 100

## Power

- Battery type: AA/LR6 Alkaline
- Number of batteries: 3
- Battery saving manager: Auto switch on/off

## Infrared Capabilities

- Operating distance: 33 ft (10 m)
- Learning IR codes

- Transmitting LEDs: 2
- Carrier frequency range: 19 kHz - 455 kHz
- Transmission angle: 90 degree

## Packaging dimensions

- UPC: 6 09585 15759 0
- Number of products included: 1
- Packaging type: Blister
- Packaging dimensions (W x H x D): 16 x 32.2 x 4.6 cm
- Net weight: 0.152 kg
- Gross weight: 0.36 kg
- Tare weight: 0.208 kg

## Outer Carton

- GTIN: 2 06 09585 15759 4
- Number of consumer packages: 6
- Outer carton (L x W x H): 34.5 x 30.5 x 19.5 cm
- Net weight: 0.912 kg
- Gross weight: 3.92 kg
- Tare weight: 3.008 kg

## Inner Carton

- GTIN: 1 06 09585 15759 7
- Number of consumer packages: 3
- Inner carton (L x W x H): 33 x 14.5 x 16.5 cm
- Net weight: 0.456 kg
- Gross weight: 1.2 kg
- Tare weight: 0.744 kg

# Highlights

## Guided setup

Unlike other universal remote controls, where a 3-digit code needs to be input to identify a brand and device, this remote incorporates on-device step-by-step instructions for setting up your equipment, regardless of brand.

## Learning functionality

Learning functionality refers to the process through which a remote control captures and stores infrared signals from other remotes for later use. When device codes are not included in the on-board database, they can always be learned from the original remote, simply by pointing to it.

## Universal IR code database

A universal IR code database refers to a library of infrared codes built in to a particular remote. This feature allows a remote to control your equipment without needing to learn individual signals. Select the correct infrared code sets in the database for the devices you want to control to enable control of virtually every audio/video system element on the market today – regardless of model or brand.
