- Number of products included: 1
- Packaging type: Carton
- Tare weight: 0.086 kg
- Type of shelf placement: Laying

Network Features

- Dialing: Pulse, Tone

CRD200B/51

Highlights

9 ringtones

Broad range of 9 ringtones to suit any individual taste

Always on

Always on - works even during power outage

Call log

48 entries of call log keep track of missed, dialed and received calls.

Silence mode and mute mode

Value your privacy and quiet at home? Easily disable the ringtones for specific "no call" times to enjoy piece and silence. Thanks to the mute mode you can have a private discussion which the caller will not be able to hear.

Speakerphone

Handsfree mode uses a built-in loud speaker to amplify the voice of the caller, allowing you to speak and listen during a call without holding the phone to your ear. This is especially useful if you want to share the call with others or simply multitask.

Volume boost

Volume boost for earpiece/speakerphone/ringer volume

Caller ID*

Sometimes it is good to know who is calling before you answer. And our Caller ID lets you keep track of who is on the other end of the line.

Easy to read 3.3" display

Large, easy to read, 8.4cm (3.3") LCD display

Pure and clear sound

Parametric Equalizer delivers pure and clear sound
