Highlights

Powerful bass pressure drivers

The unique design gives you a virtual subwoofer experience from just two compact speakers. The subwoofer has been engineered extensively and integrated in the speakers.

Dynamic bass boost

Innovative technology delivers unbelievably deep, rich bass from compact speakers. Dynamic bass boost emphasises the bass content of the music throughout the range of volume settings from low to high – at the touch of a button!

Perfect for MP3, PC, TV and more

Connect your speakers to all your gear. A great way to listen to your MP3 player, PC, TV, CD, DVD and all your multimedia stuff.

Mylar tweeters

The unique Mylar material of the dual-form dome tweeters ensures incredible sound definition. Music comes to life and movies sound as they were meant to, when the full range of high frequencies is perfectly reproduced.

Aluminium drivers

These aluminium drivers feature high-strength Neodymium magnets. Quality materials and optimised design ensure consistent performance throughout the entire audio range

Stainless steel design and stand

The stylish housing and stand of the speakers are made of stainless steel to increase the durability and the visual performance of the product. A stylish way to enhance the already superior audio performance of your speakers.
