Highlights

Extra wide soundstage

These portable speakers create an extra wide stereo soundstage when they are placed apart, so that each musical instrument appears to occupy a different physical space. The sound is more 3-dimensional and realistic.

20 hours of continuous play

Powered by batteries, this speaker offers up to 20 hours of continuous play for worry-free enjoyment when you're listening to your music on the go.

Battery powered

Powered by batteries, it's easy to take with you for enjoyment on the go - anywhere and everywhere.

Universal 3.5mm headphone jack

Plug and play with any of your mobile devices that have a 3.5mm headphone jack – iPod, iPhone, GoGear, MP3 players, laptops, netbooks, music phones and more.

Integrated amplifier

Boost your music with an integrated amplifier! The powered amp intensifies the audio for a better stereo experience.

Integrated cable management

Use the integrated cable management system to conveniently store your cable and to keep things compact and organize when you travel.

Lightweight, portable design

The durable, lightweight material and design mean you can carry the speakers with you wherever you go.

Magnetic snap-together design

Click together and go! The magnetic base keeps the speaker system together so you can easily take them with you.

Two drivers

These speakers feature two drivers, delivering surprisingly clear and powerful sound from a small space.
