Obsessed with sound

Enjoy warm hi-fi sound

Experience high-fidelity sound with the Philips DVD component hi-fi system with premium materials. Vacuum valve preamplifiers offer crystal-clear sound. Full High-Definition Multimedia Interface (HDMI) produces sharper images.

Enrich your movie experience

- Play DVD, DivX®, (S)VCD, MP3-CD, WMA-CD, CD(RW) & Picture CD
- Dolby Digital for ultimate movie experience
- USB Direct for music and photo playback
- HDMI 1080p upscales to high definition for sharper pictures

Audiophile-quality sound experience

- Premium Hi-Fi tubes for perfectly pure and natural sound
- Neodymium Ribbon Tweeter for impressive audio fidelity
- Gold-plated speaker connector for finest signal transmission
- 150W RMS total output power
- Treble and Bass Control for easy high and low tone settings

Premium finishing with noble materials

- Quality aluminum cabinet and real wood speakers
- Leatherback and metal front remote control with flat keys

PHILIPS

Highlights

Premium Hi-Fi tubes

With built-in Hi-Fi Tubes, you can now experience sound of the highest quality that's usually only associated with premium audiophile systems. The analog nature of the tubes provides a more pleasing sound to our non-linear hearing system. Sound from a tube has low distortion and is always preferred for its clean and detailed, warm and life-like audio quality.

Neodymium Ribbon Tweeter

The Neodymium Ribbon Tweeter is a monopole tweeter that produces dynamic and crisp sound from the front. It is a feature commonly used in high-end audio systems to reproduce sound with excellent fidelity. Conventional cones and dome tweeters are based on a directional moving coil principle whereas the monopole Neodymium Ribbon Tweeter radiates high frequencies in a full 180-degree radiation pattern. This dramatically increases the width of the sound spectrum in the higher tones and expands the sweet spot zone to deliver wide, crystal-clear, and natural sound even from compact audio systems.

Gold-plated speaker connector

The Gold-plated speaker connector ensures better audio signal transmission compared to traditional click-fit connections. It also minimizes the electrical signal loss from the amplifier to the speaker box, resulting in sound reproduction that's as close to reality as possible.

150W RMS

This system has 150W RMS total output power. RMS refers to Root Mean Square which is a typical measurement of audio power, or rather, the electrical power transferred from an audio amplifier to a loudspeaker, which is measured in watts. The amount of electrical power delivered to the loudspeaker and its sensitivity determines the sound power that is generated. The higher the wattage, the better the sound power emitted by the speaker.

Play DVD, DivX & MP3/WMA-CD

The Philips player is compatible with most DVD and CD discs available in the market. DVD, DivX®, (S)VCD, MP3/WMA-CD, CD(RW) and Picture CD - all of them can play on the player. SVCD stands for "Super VideoCD". The quality of a SVCD is much better than a VCD, especially much more sharpen picture than a VCD because of the higher resolution. With DivX® support, you are able to enjoy DivX® encoded videos. The DivX media format is an MPEG4-based video

compression technology that enables you to save large files like movies, trailers and music videos on media like CD-R/RW, and DVD recordable discs.

Dolby Digital

Because Dolby Digital, the world's leading digital multi-channel audio standards, make use of the way the human ear naturally processes sound, you experience superb quality surround sound audio with realistic spatial cues.

Quality cabinet and speaker

Quality aluminum cabinet and real wood speakers

Leatherback remote control

With a perfect balance of sleek dimensions with a comfortably light weight, this ergonomically designed remote control is a joy to use. Its slick metallic-finished flat key front is attractively contrasted with a genuine leather back cover. In addition, the stylish, precision-cut keypad ensures a qualitative navigation experience. Feel the splendor of pure design and control.

Specifications

Picture/Display

- Picture Enhancement: video upsampling, video upscaling, high def (720p, 1080i, 1080p)

Sound

- Output power: 2 x 75 W RMS / 2 x 150 W music power
- Sound enhancement: vacuum tube preamplifier, class "D" digital amplifier, loudness, treble and bass control, Dolby Digital

Loudspeakers

- Speaker drivers: 3 way, 5" woofer, dome mid range, ribbon tweeter
- Loudspeaker enhancement: gold-plate speaker connectors, speaker grilles detachable

Video Playback

- DVD region code: 2
- Playback media: DivX, DVD-Video, picture CD, video CD/SVCD, DVD+R/+RW, DVD-R/-RW
- Disc playback modes: A-B Repeat, angle, PBC, slow motion, Zoom, parental control, disc menu, fast backward, fast forward, OSD, resume playback from stop

Audio playback

- Playback media: WMA-CD, MP3-CD, CD, CD-R, CD-RW, USB flash drive
- Disc playback modes: fast forward/backward, next/previous track search, repeat/shuffle/program
- USB Direct playback modes: fast backward/fast forward, play/pause, previous/next, program play, repeat, shuffle, stop

Tuner/Reception/Transmission

- Tuner bands: FM stereo
- Station presets: 20
- Antenna: FM antenna
- RDS: radio text, RDS clock set, station name, program type
- Tuner enhancement: auto digital tuning, auto scan

Connectivity

- Audio/Video output: 2xRCA (Audio), component video out, composite video (CVBS) out, digital

- audio coaxial out, digital optical out, HDMI out, Headphone (6.3mm), SCART out, S-Video out
- Aux in: 2xRCA (Audio)
- USB: USB host

Convenience

- Alarms: CD alarm, radio alarm, USB alarm
- Clock: on main display, sleep timer
- Loader type: motorised, tray
- Display enhancements: DIM mode
- On-Screen display languages: Dutch, English, French, German, Italian, Portuguese, Spanish, Swedish, Turkish
- Display type: VFD display

Accessories

- Cables/Connection: composite video cable (Y), control cable, power cord
- Remote control: 49-key with 2xAAA batteries
- Others: FM antenna, Quick start guide
- User Manual: multi-languages
- Warranty: World Wide Guarantee booklet

Dimensions

- Gross weight: 22.5 kg
- Main speaker dimensions (W x D): 205 x 240 mm
- Main speaker height: 330 mm
- Main unit depth: 280 mm
- Packaging depth: 375 mm
- Main unit height: 180 mm
- Packaging height: 310 mm
- Main unit width: 250 mm
- Packaging width: 740 mm

Power

- Power supply: 50 Hz
- Power supply: 220 - 240 V

Green

- Eco Power standby: 1 W

Digital photo playback

- Playback media: CD-R/RW, DVD+R/+RW, picture CD
- Picture Compression Format: JPEG
